Finals Teams

(as at October 2023)

All Grades

- 1) All players participating in finals matches must be registered in the team and have played at least three (3) matches in a season. A player shall be deemed to have played a match when:
 - i) their name is listed on the match result sheet and the match has been played and completed (even if one or more of the sets the player was listed to play was forfeited by the opposition); or
 - ii) their name has been recorded on the match result sheet and the match has commenced but is unable to be completed due to unplayable conditions.

A player is not deemed to have played a match when the match does not commence due to unplayable conditions (e.g. complete washout) or the entire match is forfeited by one team.
- 2) A registered, qualified player from a lower team from the same club may play in a finals match if there are insufficient registered, qualified players from the team available to field a complete team.
- 3) The players for all sets, including substitute players, must be filled out on the match result sheet before the match starts. The extra set does not need to be filled in at the start of the match. It only needs to be completed if the match is a draw.
- 4) Once the result sheet has been completed, it can only be altered with the agreement of both Team Managers and the change must be initialled by both Team Managers.
- 5) If a player becomes injured during a set, the remainder of that set must be forfeited. An injured player can be replaced for a future set by another registered, qualified player. The host club supervisor must note the nature of the injury on the match result sheet and certify that they are satisfied it is a legitimate injury.
